### Technische Daten

|                                   |                                |
|-----------------------------------|--------------------------------|
| Artikelnummer                     | 251833                         |
| EAN                               | 6970602183811                  |
| Herstellercode                    | ZL5                            |
| Marke                             | Miboxer                        |
| Herstellername                    | 5-1 Controller Zigbee + 2,4ghz |
| Originalverpackung                | 1                              |
| Beleuchtungdirekt All-in Garantie | 3 Jahre                        |

### Technische Informationen

|            |                        |
|------------|------------------------|
| Produkttyp | Zubehör - LED-Streifen |
|------------|------------------------|

### Maße

|             |     |
|-------------|-----|
| Länge (mm)  | 124 |
| Höhe (mm)   | 23  |
| Breite (mm) | 38  |

**Warum BeleuchtungDirekt?**

### Sensorinformationen

|           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
